**Mr. Pacôme Elouna Eyenga, Team Leader  
EIP-AGRI Service Point  
LEGNARO, 23 April 2015**

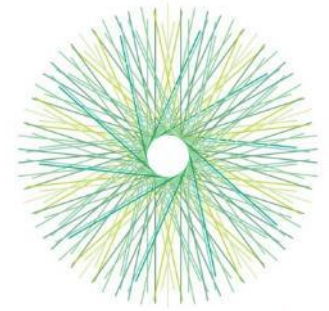

# PEI-AGRI in breve

eip-agri  
AGRICULTURE & INNOVATION

- **Scopo:** promuovere un settore agricolo e forestale competitivo e sostenibile che “ottenga maggiori risultati con minori risorse”
- **Approccio:** colmare il divario tra la ricerca e la pratica e costituire partenariati tramite:
  - l'utilizzo di un modello innovativo di interazione
  - il collegamento degli attori tramite la rete PEI-AGRI

# PEI-AGRI: Modello interattivo di innovazione

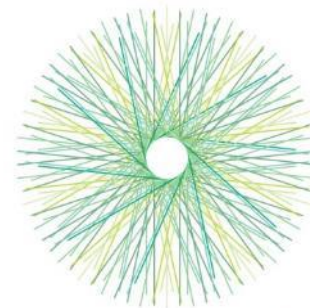

eip-agri  
AGRICULTURE & INNOVATION

**Oltre** il modello lineare di trasferimento dell'innovazione:

- Partenariati: aprocci bottom-up per i Gruppi Operativi
- Trasformare la conoscenza esistente in soluzioni
- Compartecipazione: soluzioni messe in pratica molto velocemente
- Aiutare a definire gli obiettivi della ricerca

# Mezzi per implementare il PEI-AGRI

eip-agri  
AGRICULTURE & INNOVATION

## Programmi di Sviluppo Rurale:

- Costituire i “gruppi operativi” (attori chiave del PEI AGRI)
- Abbinare la costituzione di gruppi operativi con i finanziamenti di progetto (investimento, trasferimento di conoscenza, servizi di consulenza)
- Stabilire “servizi di supporto all’innovazione”, per (ad esempio) facilitare la formazione di gruppi operativi

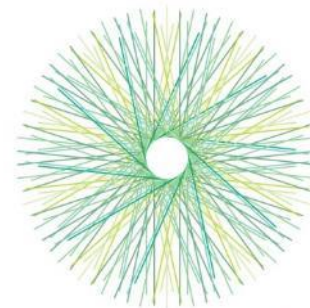

## Politica della ricerca dell’Unione Europea (Orizzonte 2020)

- Finanziare progetti di ricerca, anche tramite il coinvolgimento delle aziende agricole nella sperimentazione per aumentare la conoscenza di base dell’innovazione
- Moduli interattivi quali progetti multi-attoriale e reti tematiche

Coinvolgimento della comunità agricola

# Cos'è un Gruppo Operativo del PEI AGRI ?

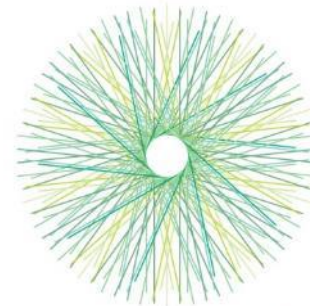

eip-agri  
AGRICULTURE & INNOVATION

- Un progetto innovativo attuabile finalizzato a trovare soluzioni innovative per uno problema specifico e una nuova opportunità
- Un gruppo efficace che sfrutta e applica al meglio i diversi tipi di conoscenza (pratica, scientifica, tecnica, organizzativa ecc.)
- Composto da attori chiave che sono nella posizione migliore per realizzare gli obiettivi di progetto, tramite la condivisione delle esperienze e rispettive competenze e per divulgarne ampiamenti i risultati

### Join the EIP-AGRI network!

Become a member of the EIP-AGRI network by registering to the [new EIP-AGRI website](#). You may have noticed that the EIP-AGRI website looks different, and it is still in the process of being developed further to suit your needs, so your feedback will be most welcome. As a registered member you will be able to get the most out of the website: share and search for innovative ideas and practices, and information and results about research projects.

You will also be entitled to search and connect to other people from the EIP-AGRI network. This networking tool means you can exchange and gather information with co-workers in Europe. It may even be the start of a new partnership, project, or business.

As more and more people join the EIP-AGRI network, the EIP-AGRI website will gradually become a one-stop-shop for agricultural innovation in Europe.
